Members of IBPO Local 800

On April 28, I issued an Order of Emergency Trusteeship upon the above-referenced local units. A hearing to determine whether the trusteeships were properly imposed and should continue was held on May 18, 2023, before National Executive Board Member Steven Douglas, the designated Hearing Officer.

The Hearing Officer found that the trusteeships were properly imposed, and the trusteeships should continue until further notice. A copy of his Report and Recommendation is enclosed.

I adopt Hearing Officer's Report and Recommendation in full. I order that the trusteeships of the above-referenced local units shall continue until there is a determination that self-governance should be restored and local elections can be held, or the need for the trusteeships is otherwise resolved.

All members of the above-referenced local units shall continue to cooperate with the trustee and the deputy trustee.

In solidarity,

David J. Holway
National President

Enclosure
